

IBM Data Science

Module 6 Live session

WELCOME: GETTING STARTED

Welcome to the live class discussion. Follow the steps below to get started:

Step 1: Click on the speaker icon on the top left to enable your audio.

Step 2: Click on the speaker drop-down arrow on the right of the icon and set your volume to 100% or high.

Step 3: Click on “Meeting” in the top-left corner and run the “audio setup wizard” to test your audio volume, select your microphone, and test your microphone volume.

Step 4: If you would like to ask a question, post it in the chat.

WELCOME: GETTING STARTED

Important points to note

If you get **disconnected**, click on the URL to the meeting room on the Online Campus to re-enter the main room.

The **chat function** is located on the bottom right of your screen.

THE PURPOSE OF LIVE SESSIONS

The purpose of a live session is to give you a chance to engage with a live demonstration and discuss the module content in real time with your fellow students and Tutors.

OBJECTIVES

In this live session, we will work with visualizations. After completing this lab, you will be able to:

- Create informative and visually appealing plots with Matplotlib and Seaborn.
- Create visualizations to communicate insights from the data.
- Analyze data through visualizations.
- Customize visualizations.

Ensure you have access to the [visualizations activity](#) on the Skills Network.

TASKS

Task 1: Develop a line chart using Pandas

Task 2: Plot different lines for categories of vehicle type and analyze the trend

Task 3: Use the Seaborn library to create a visualization

Task 4: Use sub-plotting to compare the variations in GDP

Task 5: Develop a bubble plot

TASKS

Task 6: Use Matplotlib to develop a scatter plot

Task 7: Create a pie chart

Task 8: Display the total advertisement expenditure

Task 9: Develop a line plot

Optional

Task 10: Create a map of the highest-sales region during the recession period

CONSOLIDATION AND CONCLUSION

Thank you for engaging with this session.

Please indicate if you have any further questions using the chat function.

THANK YOU FOR JOINING!

This live session has come to an end.

The recording of this session will be made available on the Online Campus.

Please feel free to continue the discussions in the discussion forums.

Thank you for joining!
