

IBM Data Analyst

Module 1 Live Session

WELCOME: GETTING STARTED

Welcome to the live class discussion. Follow the steps below to get started:

Step 1: Click on the speaker icon on the top left to enable your audio.

Step 2: Click the speaker dropdown arrow on the right of the icon and set your volume to 100% or High.

Step 3: Click on “Meeting” in the top left corner and run the “audio setup wizard” to test your audio volume, select your microphone, and test your microphone volume.

Step 4: If you would like to ask a question, post it in the chat.

WELCOME: GETTING STARTED

Important points to note

If you get disconnected, click the URL to the meeting room on the Online Campus to re-enter the main room.

The chat function is located on the bottom right of your screen.

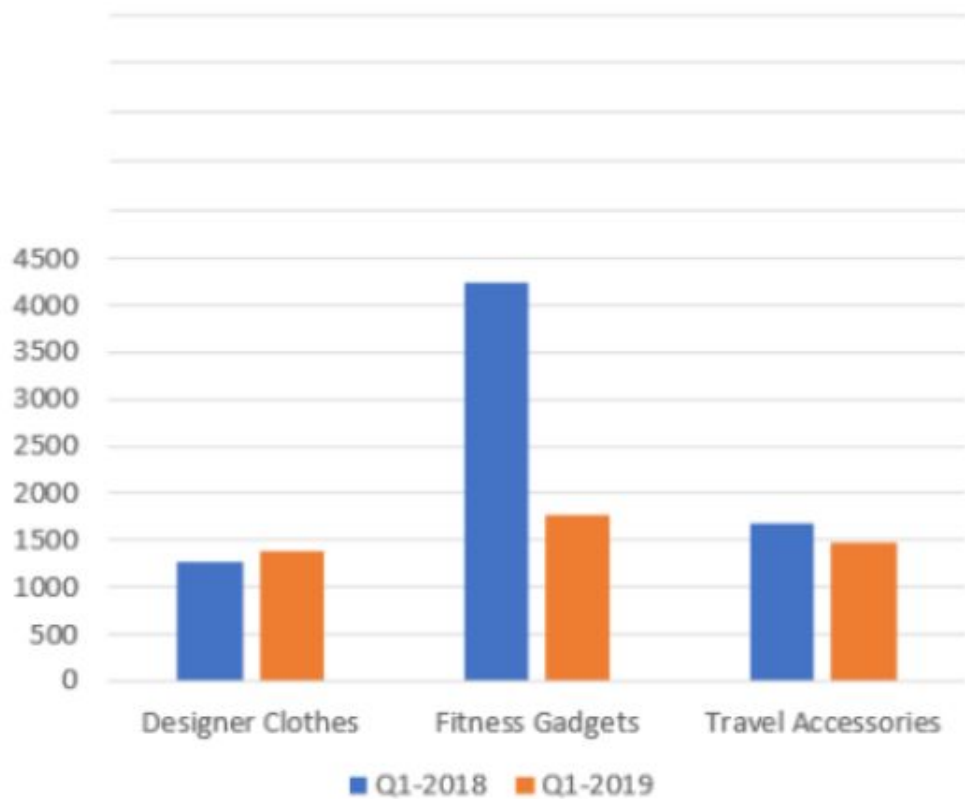

THE PURPOSE OF LIVE SESSIONS

The purpose of a live session is to give you a chance to engage with a live demonstration and discuss the module content in real time with your fellow learners and tutors.

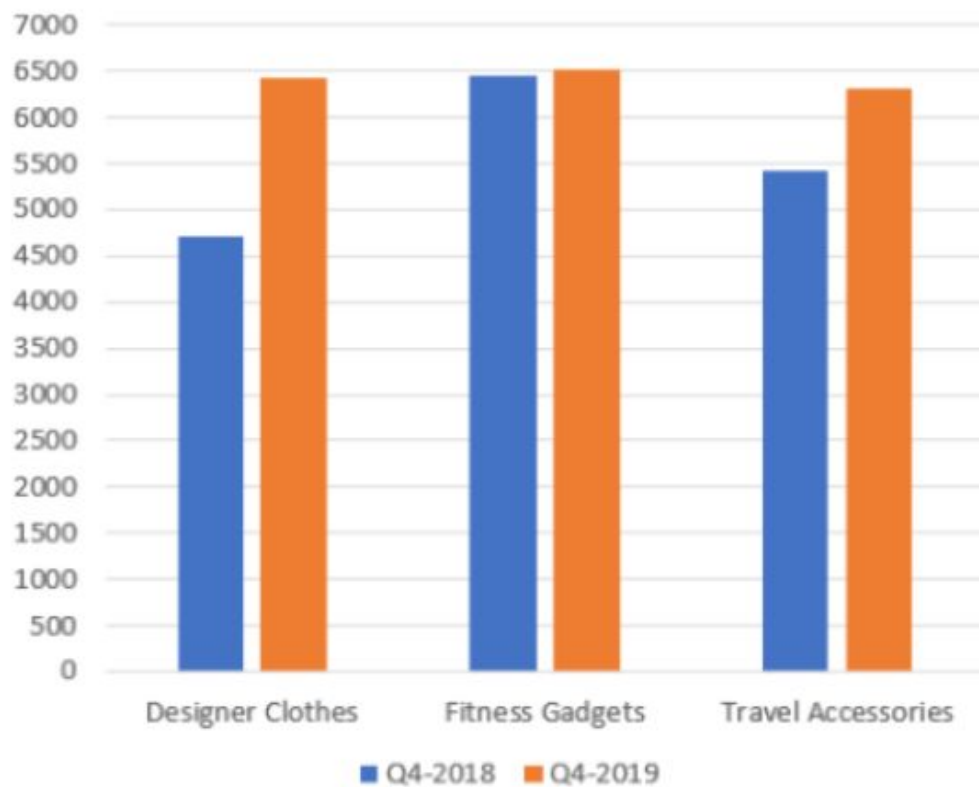

ACTIVITY INSTRUCTIONS

1. List **at least two data points** that are required for analyzing trends and patterns that will help you forecast your product inventory for the current year.
2. Refer to the data table in the reading and **identify two errors or issues** that could impact the accuracy of your findings.
3. Refer to the data table in the reading and **identify two correlations** that you notice in the dataset.
4. Briefly **explain two observations or insights** that you can take away from the provided visualization. You can also refer to the dataset provided in the reading.
5. "Data has value through the stories that it tells. Your audience must be able to trust you, understand you, and relate to your findings and insights." Refer to the Unit 3 media set video "Overview of communicating and sharing data analysis findings" and **identify two practices** that can help your audience trust, understand, and relate to you.
