

IBM Data Analyst

Module 10 Live session

WELCOME: GETTING STARTED

Welcome to the live class discussion. Follow the steps below to get started:

Step 1: Click on the speaker icon on the top left to enable your audio.

Step 2: Click the speaker dropdown arrow on the right of the icon and set your volume to 100% or high.

Step 3: Click on “Meeting” in the top-left corner and run the “audio setup wizard” to test your audio volume, select your microphone, and test your microphone volume.

Step 4: If you would like to ask a question, post it in the chat.

WELCOME: GETTING STARTED

Important points to note:

- If you get **disconnected**, click the URL to the meeting room on the Online Campus to re-enter the main room.
- The **chat function** is located on the bottom right of your screen.

THE PURPOSE OF LIVE SESSIONS

The purpose of a live session is to give you a chance to engage with a live demonstration and discuss the module content in real time with your fellow learners and Tutors.

INTERACTIVE DASHBOARDS USING GOOGLE LOOKER STUDIO

You completed a Google Looker Studio activity previously. We will go through a demonstration on how to build interactive dashboards using the three themes outlined in the activity:

1. Current technology uses
2. Future technology trends
3. Demographics

INTERACTIVE DASHBOARDS USING GOOGLE LOOKER STUDIO

1. Current technology usage: Use the 2 × 2 rectangle areas template.

- Panel 1: Top 10 languages used (stacked bar chart)
- Panel 2: Top 10 databases used (stacked column chart)
- Panel 3: Top 10 platforms used (word cloud)
- Panel 4: Top 10 web frameworks used (scatter bubble chart)

INTERACTIVE DASHBOARDS USING GOOGLE LOOKER STUDIO

2. Future technology trends: Use the 2 × 2 rectangle areas template.

- Panel 1: Top 10 languages desired for next year (stacked bar chart)
- Panel 2: Top 10 databases desired for next year (stacked column chart)
- Panel 3: Top 10 desired platforms (tree map)
- Panel 4: Top 10 desired web frameworks (scatter bubble chart)

INTERACTIVE DASHBOARDS USING GOOGLE LOOKER STUDIO

3. Demographics: Use the 2 × 2 rectangle areas template.

- Panel 1: Respondents by age (pie chart)
- Panel 2: Respondent count by country (map chart)
- Panel 3: Respondent distribution by education level (line bar chart)
- Panel 4: Respondent count by age, classified by education level (stacked bar chart)

CONSOLIDATION AND CONCLUSION

Thank you for engaging with this session.

Please indicate if you have any further questions using the chat.

THANK YOU FOR JOINING!

This live session has come to an end.

The recording of this session will be made available on the Online Campus.

Please feel free to continue the discussions in the discussion forums.

Thank you for joining!
